

The Friday night get-together will officially begin at 6:30 pm in Room #110. Unofficially the Room will be available around 4:00 pm, so drop in if you get there early or after you check in if you are staying at the hotel or in the area. Also, you may want to check in the bar area first if you arrive early to see if any classmates (look for Donnie Mills) are playing pool, having an early dinner or just enjoying a drink in the restaurant. We will have plenty of snacks and drinks in the suite but you may want to have dinner first as we plan on being up rather late.
